

Hybrid – Family Pay with some individuals some processed and paid by unit

Some units elect to pay for some of the members, for example direct contact leaders, committee chair, COR, youth in need of financial support, etc.

If a unit selects this method of individual renewals, it is imperative they communicate this to families and individuals being paid for by the unit, so those people know to not renew themselves via the emails received. It will not prevent email notifications being sent by National. The recommendation is that units renew those people early in the renewal window to prevent multiple emails.

- Please refer to the help sheet on “Individual Renewal Processed and Paid By Unit” for full details on how to renew selected individuals.
- Please refer to the Individual Renewal Paid by Family or Individual for all other renewals not being paid by the unit.
